

check to verify that lights clear!

Betsy's Plant Stand

- all structure pieces are 1x2 furring strip
- shelves are: upper = 16" x 48" } 1/4" or 3/8" plywood
lower = 24" x 48" } (exterior is better)

- you should fasten strips together with power-drive screws
- top takes 1 light suspended on chains
- bottom takes 2, hung from a short bar

so as to be adjustable

- you may want to use an extra strip near bottom of legs for stability, at least in back
- the store will cut the plywood for you a cut - you can make 2 sets from a sheet of plywood
